Classic, handsome, charming, stately...these are just a few words which describe this craftsman beauty. Generously proportioned room sizes and old world craftsmanship will remind you of the quality of homes from decades past yet the open flowing interior provides a modern flair. The kitchen was designed with chefs in mind and opens directly to the massive family room and breakfast nook. Flexible first floor dining room, study, or living room. Use the space depending on how you live! The second floor features a spacious master suite with walk-in closet and luxury master bath, three additional bedrooms, a full bath, and a great laundry room.
