Total	2,757

This picturesque craftsman cottage looks as if it has leapt off of the pages of Southern Living magazine. This home features an open, flowing floor plan that is perfect for entertaining. Vaulted great room opens directly to the spacious kitchen. Kitchen features a center island, white shaker style cabinets with crown moulding, stainless appliances, and granite tops. First floor master suite with his-and-her walk-in closets and a sumptuous master bath. A full front porch and rear deck provide perfect outdoor entertaining spaces. Upstairs you will find 2 bedrooms, a full bath and optional second full bath, and an oversized bonus room offering numerous possibilities such as a media room, recreation room, or 4th bedroom
